## Cardiology

---

<b>Tues1</b>	Joseph O'Brien	Acute pericarditis - a rare complication of Plasmodium falciparum malaria.
<b>Tues2</b>	Joseph O'Brien	Gender specific findings among patients admitted to the Emergency Department (ED) with Atrial Fibrillation (AF).
<b>Tues3</b>	Joseph O'Brien	Multiple stroke prophylaxis 'treatment gaps' identified in the management of atrial fibrillation.
<b>Tues4</b>	Joseph O'Brien	Heart rate and blood pressure as predictors of hospital length of stay in patients presenting to the Emergency Department with atrial fibrillation.
<b>Tues5</b>	Joseph O'Brien	The role of appropriate advanced care directives in patients with pulmonary hypertension
<b>Tues6</b>	Hnin Oo	Prevalence of elevated lipoprotein(a) in coronary artery disease patients
<b>Tues7</b>	Mohammad Omair	Postoperative Atrial Fibrillation and Cardiac Complications after Liver Transplantation
<b>Tues8</b>	Alexandra Murphy	Case Study: Unique presentation of coronary artery fistula with infective endocarditis in the setting of a previous penetrating chest injury
<b>Tues9</b>	Alexandra Murphy	Clinical Outcomes of Patients with Established Coronary Artery Disease Presenting with Acute Coronary Syndromes
<b>Tues10</b>	Alexandra Murphy	Clinical Characteristics of Patients with Stable Coronary Artery Disease Undergoing Angiography by Trans-femoral versus Trans-radial Approach
<b>Tues11</b>	Hamid Salehi	Dobutamine Stress Echocardiography Compared With Coronary CT Angiography In Screening For Coronary Artery Disease in End Stage Liver Disease Patients Being Assessed for Liver Transplantation
<b>Tues12</b>	Hamid Salehi	The Role Of Dobutamine Stress Echo In Predicting Outcomes In Subjects Being Assessed For Liver Transplantation
<b>Tues13</b>	Jay Ramchand	This abstract is not included at the request of the author
<b>Tues14</b>	Jay Ramchand	This abstract is not included at the request of the author

---

## Clinical Haematology

---

<b>Tues15</b>	Clare English	Development and implementation of an algorithm to manage mucositis pain in patients post autologous and allogeneic stem cell transplant
<b>Tues16</b>	Joseph Rigano	Evaluation of the automated HemosIL® AcuStar HIT IgG chemiluminescent immunoassay for the diagnosis of HIT
<b>Tues17</b>	Joseph Rigano	Validation of the Lamson pneumatic tube system for the transportation of blood components from Blood Bank to Intensive Care and Ambulatory Care
<b>Tues18</b>	Joseph Rigano	P-selectin as a marker of cardiovascular risk in normal controls and myeloproliferative neoplasm.

---

## Critical care and Emergency Medicine

---

<b>Tues19</b>	David Taylor	Determination of the best early warning scores to predict important outcomes among emergency department patients
<b>Tues20</b>	David Taylor	Patient perceptions of participation in emergency medicine research projects
<b>Tues21</b>	David Taylor	Temporal trends in the publication of emergency medicine original research
<b>Tues22</b>	David Taylor	Utility of calcium, magnesium and phosphate testing in the emergency department

## Critical care and Emergency Medicine

<b>Tues23</b>	Vishal Goel	This abstract is not included at the request of the author
<b>Tues24</b>	Robyn Purcell	Simulation Gamification: LIVE. DIE. REPEAT.
<b>Tues25</b>	Carl Lee	This abstract is not included at the request of the author
<b>Tues26</b>	Anita Panayiotou	Preventing Avoidable Hospital Admissions for People with Dementia (PAHA-D) - A collaborative project to identify current dementia care practices
<b>Tues27</b>	Micah Wong, Mainak Majumdar, Jeffrey Presneill	Critical Care Short-term Outcomes of Cancer Patients in Australasia
<b>Tues28</b>	Laurent Bitker	The impact of pre-morbid glycemic control on glycemia, insulinemia and C-peptidemia in critically ill diabetic patients
<b>Tues29</b>	Laurent Bitker	The impact of exogenous insulin on insulinemia and C-peptidemia in critically ill diabetic patients treated with permissive hyperglycemia
<b>Tues30</b>	Laurent Bitker	The effect of sepsis on insulinemia and c-peptide levels in critically ill diabetic patients
<b>Tues31</b>	Laurent Bitker	Performance of urinary cell cycle arrest biomarkers for the prediction of acute kidney injury in critically ill patients
<b>Tues32</b>	Laurent Bitker	Impact of furosemide on urinary oxygenation in septic shock patients
<b>Tues33</b>	Fumitaka Yanase	Comparison of the hemodynamic effects of a room temperature and warm 4% albumin fluid bolus after cardiac surgery.

## Endocrinology and Metabolism

<b>Tues34</b>	Audrey Eer	This abstract is not included at the request of the author
<b>Tues35</b>	Thinn Thinn Khine	Are patients with diabetes at greater risk for contrast induced nephropathy than those without diabetes?
<b>Tues36</b>	Rufi Chen	A randomised controlled trial to assess the effects of initial triple versus sequential therapy on beta cell function in people with newly diagnosed type 2 diabetes
<b>Tues37</b>	Glen Chiang	Assessing the efficacy of telemedical interventions in older people with diabetes: A systematic review and meta-analysis.
<b>Tues38</b>	Trish Russell	This abstract is not included at the request of the author
<b>Tues39</b>	Alastair Anderson	Exercise challenges faced by adults with type 1 diabetes: a cross-sectional study
<b>Tues40</b>	Xiaofang Wang	This abstract is not included at the request of the author

## Infectious Diseases

<b>Tues41</b>	Natasha Holmes	This abstract is not included at the request of the author
<b>Tues42</b>	Rebekah Moran	This abstract is not included at the request of the author
<b>Tues43</b>	Norelle Sherry	This abstract is not included at the request of the author
<b>Tues44</b>	Karen Urbancic	This abstract is not included at the request of the author
<b>Tues45</b>	Jason Trubiano	This abstract is not included at the request of the author
<b>Tues46</b>	Jason Trubiano	This abstract is not included at the request of the author
<b>Tues47</b>	Misha Devchand	This abstract is not included at the request of the author
<b>Tues48</b>	Misha Devchand	This abstract is not included at the request of the author
<b>Tues49</b>	Jason Kwong	This abstract is not included at the request of the author
<b>Tues50</b>	Jason Kwong	This abstract is not included at the request of the author
<b>Tues51</b>	Jason Kwong	This abstract is not included at the request of the author

## Medical Imaging

<b>Tues52</b>	Xin Lyn Goh	This abstract is not included at the request of the author
