

□ Austin Health Clinical Photography Department

Austin Health Research Week 2010 Poster Pricelist

Poster Printing and Laminating

Paper printing \$100.00 per metre,
laminating \$50.00 per metre

Cloth posters \$150.00 per metre (no laminating required) *Maximum width 90cm*

Due to the volume of posters for Research week, poster files will need to be submitted for printing to clinical photography by 30 September 2010.

Poster files received after this time will be charged at urgent surcharge rates. Please contact the department for surcharge information.

Prints can be made from Adobe PDF, Photoshop, Illustrator, InDesign, and PowerPoint. We use PC and MAC computers. Posters should be sized to a maximum of 96cm x 110cm. This will give you a 1.1 metre length poster when laminated.

PowerPoint Poster Templates

Sample PowerPoint posters incorporating the Austin Health logo are available from Clinical Photography. These can be used either as a starting point for ideas or to type over and cut and paste your own information into. The file can then be sent to Clinical Photography for printing. The sample posters are pre sized for research week.

Poster Design

Clinical Photography can design and layout posters for you. If you wish to have a poster designed please contact us for details of costs and turnaround times.

Payment

Your department's Specific Purpose Fund (SPF) number will be required from your manager prior to printing. This can be given via email to danielle.edwards@austin.org.au If you do not have an SPF number please contact Clinical Photography.
