

Quality Improvement Award

AIM

The Quality Improvement (QI) award recognises excellence and rewards individuals/ teams undertaking initiatives to improve the safety, quality, timeliness, equity and/or experience of patient/ client care.

The prize is to support the individual/ team to implement the outcomes of the QI initiative, or to support the sharing of initiative and outcomes with others.

SELECTION CRITERIA

- Staff working at Austin Health or Mercy Health
- Clinical or non-clinical individuals/ teams undertaking QI that seeks to improve safety, quality, timeliness, equity and/or experience of patient/ client care
- Quality of abstract and poster
- Finalists for the award are expected to present their work in a hosted poster session
- The team/ individual indicates interest in being considered for the award when submitting their abstract.

PRIZE

\$1000 co-sponsored by Austin and Mercy Health

The award is presented during the Plenary Lecture on Thursday 14 October 2021. Applicants are expected to attend.

The award should be redeemed before April 2023.

*Awards are paid as reimbursements for expenses deemed relevant to the QI area, as approved by the Head of Department/ QI initiative Sponsor.
