

# Graduate Certificate in Cancer Nursing

## ABOUT THE PROGRAM

Austin Health is offering registered nurses who have a keen interest in cancer nursing the opportunity to undertake a Graduate Certificate in Cancer Nursing in conjunction with our partner, University of Melbourne. Students complete coursework online and clinical assessments face to face in a structured program whilst working in the inpatient cancer area. Clinical support is provided by our dedicated nursing education team.

## LEARNING OBJECTIVES

- Students will develop advanced clinical patient assessment skills in the supportive care of cancer patients
- Students will gain cutting-edge, industry-standard knowledge in comprehensive cancer care.

## WHO SHOULD APPLY

Registered nurses with 2 years acute experience, who are motivated to deliver outstanding patient care in a dynamic environment. Registration with Nursing and Midwifery Board of Australia (NMBA).

## HOW TO APPLY

Via Austin Health e-Mercury with a cover letter, curriculum vitae and 2 professional referees.

### Application period:
