

AUSTIN HEALTH DISABILITY ACTION PLAN PROGRESS REPORT JULY-DEC 2025

Inclusive

International Day of People with Disability celebrated with in person activities across all sites to launch the Disability Awareness training course

Over 300 Austin Health staff have completed the Disability Awareness training course

Austin Health Workplace Accessibility Policy has been approved and launched

Next 6 months

We will launch and promote an employment network for staff who identify as having a disability

Accessible

Scoping commenced to identify locations for multipurpose inclusion spaces, including sensory friendly spaces across Austin Health sites

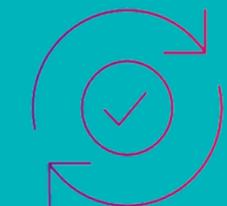

Work has commenced on an accessible bathroom with adult-sized change table

The design phase of the website platform redesign has been completed and the project is on track

Next 6 months

Explore and trial digital solutions to wayfinding

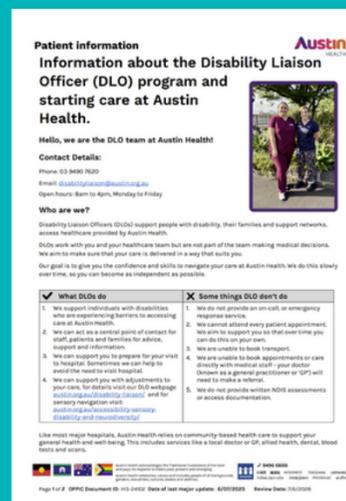

Effective

Research was published to help us understand how the DLO program improves access to care

A patient information sheet to support patients transitioning to adult services has been published

Ability@Austin is expanding and will be offering supports to more NDIS Participants in 2026

Next 6 months

We will pilot an NDIS Rapid Response team to support NDIS participants to get home faster

Work with key stakeholders to improve the patient experience for those transitioning to adult services
