

Freedom of Information Request

Request to Amend a Medical Record

The Freedom of Information Act (Section 39) gives you the right to request an amendment to a record that you have previously been given access to, if the record contains personal information that in your opinion is incomplete, incorrect, out of date or misleading.

How to apply

Before processing a request, applications must include an FOI Amendment Application or letter; the application fee; and evidence of authority to amend the medical record.

FOI amendment application or letter

Applications must be made in writing using the **FOI Amendment Application form (L15.01)** or a letter. Include details of the amendment that you are seeking to make. Attach a clearly marked copy of the documents in question.

Application fee

The application fee is **\$30.60** and is a fixed cost and non-refundable fee. This fee is waived if you hold a current Pension or Health Care Card and can provide a copy of both sides of this with your application.

For payment options, refer to the Tax Invoice page of the FOI Amendment Application Form (L15.01).

Request for Records Relating to a Deceased Person

If the patient is deceased, the most senior available next of kin (NOK) must sign the authorisation and provide evidence to support this, e.g., a copy of the death certificate.

The right to amend a deceased patient’s record by the most senior available NOK is not guaranteed. Various factors need to be considered. To assist us in assessing your application, explain why you believe it is reasonable for you to make this request.

Request for Records Relating to a Child

If the request relates to a child, and they are not able to make this request themselves, then the parent or legal guardian may make a request on the child’s behalf. Only a parent or legal guardian who has not had parental responsibility limited by a Court order may do this. If care of the child is subject to a Family Court or other court order, provide a copy of the court order with the request.

If you are not sure who can sign the authorisation, please telephone 9496 3103 to discuss.
